Ms. Nakajima is the Head of 'Nakakoma Orimono'. Since 2014, she has been actively promoting Kimono in Malaysia with her

first overseas store opening up at Mitsui Outlet Park KLIA Sepang. Her passion is to promote Japanese culture through Kimono, and to make Kimono accessible to everyone.

Kimono handled by Nakakoma Orimono is reputable with its striking beauty, as her Kimono is being appreciated not only as traditional clothing but as art pieces for display in homes and businesses. Her collections include kimono with intricate designs and features, some of which cannot be copied due to techniques and skills that have already been lost through generations.
